**MUSICAL AND LITERARY ENTER-
TAINMENT LAST NIGHT.**

The Epworth League of Epworth M.
E. Church gave a most interesting,
semi-monthly literary and musical en-
tertainment in the lecture room of the
church last night, which was quite
largely attended and much enjoyed.

The meeting was opened with devo-
tional exercises, conducted by the pre-
sident, Mr. Lewis, and prayer by Mr.
Geo. W. Roper.

Then followed the reading of a most
interesting paper by Mrs. R. H. Jones,
on "John Wesley and His Work," con-
taining an account of his birth, educa-
tion and his subsequent successful
career as preacher and founder of the
great Methodist denomination.

Next came a violin solo, "The Blue
Bells of Scotland," by Miss Grace
Rhodes, with piano accompaniment by
her sister, Miss Maude Rhodes, which
was a most attractive feature of the
evening's entertainment, the solo being
executed in a most excellent manner.

Then Mr. Nottingham executed in ex-
quisite style on the violin, as a solo,
"Guide Me, Oh Thou Great Jehovah."
This closed the musical and literary
program and the entire company re-
paired to the dining parlors below,
where refreshments were served and an
hour was spent in social pastime.

MACHINE TYPE SETTERS
Said to be Hard on Operators.

The work of a typesetter in a modern
printing office is very exacting,
particularly if he runs a Linotype or
typesetting machine. It requires the
closest attention and rapid and sym-
pathetic action of both brain and hand.
This machine works much like a type-
writer. Such workers fed on ordinary
food give up because of nervous prostra-
tion, some in a short time, and some
are able to stand it longer.

One of these workers says: "I have
been at the Linotype three years. It
has made a great change in my once
robust health. About three months
ago, after long expecting it, I com-
pletely collapsed, from indigestion and
extreme nervousness. The daily phys-
ic I had not dared to omit for years, now
and then, relieved relief and a phys-
ician was consulted.
